reply to your request for information regarding the Unified Mortgage fifty-year four per cent. gold bonds

In tents of Railroad Company. I beg to state as follows:
The development of the Long Island Railroad system has been a gradual combination of many separate and
magependent roads, brought from time to time under one general control, rather than a growth resulting from an

The present management, realizing that in order to attait, the full measure of efficiency possible for the system as now constituted a plan should be made for placing its finances upon a wise and permanent basis, have adopted what they believe to be a broad and satisfactory financial policy. This plan provides, so far as desirable for bringing together all these various properties into a single ownership—that of the Long Island Railmod Company—and for a conversion of their securities, so far as practicable, into a single security issued by the Long Island Railmod Company, by which also adequate provision is made for the future needs of the Company. On their recommendation the stockholders of the Long Island Railmod Company have authorized, and there are been executed, a mortgage upon the entire property of the Company for forty-five million dollars of fifty-year side bonds, to been interest not to exceed four per cent, per annum. interest not to exceed four per cent, per annum.

The bonds are to be issued for the following purposes, and all securities or property acquired through the of any part of them will delivered to and held, by the Trustees as additional security, eved to exchange or retire all of the existing bonded indelitedness of the Company, and its con-

colled or leased lines, and to provide for the liquidation of all existing floating debt, real estate

mortgages, and equipment notes; for detailed statement of which see copy of the mortgage and printed Annual Reports of the Company printed Annual Reports of the Company.

For the improvement of Atlantic Avenue, as provided in bills passed by the Legislature at Albany.

pay for improvements and additions recently made to the property
remaining bonds may be issued only for permanent betterments and improvements, and the
acquisition of additional property, at not exceeding the rate of \$400,000 per annum.

The mortgage, as prepared, contains provisions carefully guarding the issue of bonds, and secures the application of all the proceeds to the purposes contemplated. It also provides for vesting with the Trustees the title to all improvements and additions to the property, to be held by it as additional security.

Of the four million dollars of bonds sold you, the proceeds of three million five hundred thousand dollars of bonds will provide sufficient funds to pay or acquire the floating debt of the Company and all of its real estate mortgages, and equipment notes, and money necessary to pay for the improvements which have been made or are now being made to the property. The proceeds of the remaining five hundred thousand dollars of bonds or are now being made to the property.

been used to purchase from present holders on favorable terms sundry occurities of various issues now out-

Arrangements have also been made to issue on terms advantageous to the Company on unitarities in the hands of security-holders. These bonds, together with those sold to you, will make a total amount now to be issued under this mortgage of five million six hundred and fifty thousand dollars.

The saving to the Company by reason of the above-mentioned exchanges, and by the sale of four per cent. bonds to provide funds to refer the floating debt, real estate mortgages, and equipment notes of the Company

will be over twenty-four thousand dollars per annum.

The issue of the \$1,200,000 of bonds for improvements will be an increase of the present bonded debt, the interest on which will be offset in part by the saving just noted, MAKING A NET INCREASE IN THE FIXED CHARGES AMOUNTING TO ABOUT \$24,000 PER ANNUM; and it is my opinion that the

large amount expended on the property for permanent betterments and improvements will not only take care of the increased interest charges incurred, but will largely add to the net earnings of the property.

The gross earnings of the LONG ISLAND RAILROAD SYSTEM for the past three years have been as fol-

Fixed charges, rentals, interest, and taxes 1,415,922.07

Surplus after paying fixed charges and taxes 264,067.11

The figures given above do not, however, include the Prospect Park and Coney Island Railroad, which during the same period was operated at a loss of \$50,487.77, and which I do not now take into consideration for the reason that this road has since been leased to the Brooklyn Rapid Transit Company, and will no longer be an expense to the Long Island Railroad System.

one to the Long Island Railroad System.

The policy of the management for the last two years and at present is to strengthen the property by expending the surplus earnings in additions and betterments. Yours very truly.

Financial.

To the Holders of the Securities of the Kansas City, Pittsburg & Gulf Railroad Company and Its Terminal Companies.

Your Committee deem it essential for the preservation of the value of your securities:-First-That the securities covering the main line and the Kansas City and Port Arthur ter-minals be now merged and consolidated under one management.

Second-That such management be indepen-dent and in your interest alone.

Your property is of great valve. It has an assured and a very large earning power. Its present financial condition is due to causes familiar to you, and which it would be difficult to

millar to you, and which it would be difficult to avoid, even if the work were now to be done over again.

In the consolidation of the system we expect to receive the support of the foreign holders of all of the securities affected. The foreign holders of all of the securities affected. The foreign holdings are, we are informed, a majority of the whole. Pending the preparation of the plan of reorganization, we advise holders to refrain from depositing their securities with any Committee in this country. The experience of some of our feliow-bondholders has been that it is easier to deposit bonds than to get them back.

Your Committee ask the holders of the securities of the main line and terminal companies to furnish their addresses and the amounts of their respective holdings to the Chairman, care of Equitable Trust Company of Philadelphia. They will thereafter be directly and promptly informed when the plan is ready for publication, and will be made acquainted with its provisions.

Kansas City, Pittsburg & Gulf R. R. Co. Further deposits of stocks and bonds above named will be received by The Mercantile Trust Company of the City of New York until further notice, under an agree-ment, copies of which may be obtained at the office of the Trust Company.

Securities may be withdrawn by non-assenting deposi-tors if the Plan of Readjustment shall not prove to be satisfactory to them.

An amount equal to the interest maturing April 1st,

An amount equal to the interest maturing April 1st, 1899, will be advanced to depositing bondhoiders.

The Committee is of the opinion that no intelligent Pian of Readjustment can be formulated until a physical examination showing the needs of the property, and an examination of the accounts shall have been completed. The result of such examinations will form a proper basis for a pian. Until the recent changes in the personnel of this Committee and Receivership, satisfactory arrangements could not be made for such examinations. At the request of, and in conjunction with the representatives request of, and in conjunction with the representative of the Amsterdam bondholders, expert accountants have been appointed to examine the books and accounts, and an expert has also been appointed for the physical examination. The plan will be formulated as soon as these examinations shall have been completed.
